 Communications systems  
 Television  
 CCTV,  
 Intruder alarm  
 Student radio  
 Lighting protection  
 AV

### PROJECT DESCRIPTION

The new 4 classroom school was developed at a cost of £1.1million.

JD Mc Geown was the appointed electrical contractor on this project which involved the amalgamation of 3 primary schools Burnfoot, Dungiven and Largy. The result has been a spectacular educational development with classrooms designed around a resource area incorporating ICT, library, arts and crafts. All the classrooms are fully furnished with audio visual equipment and interactive white boards.
