Project Profile—Victoria College—Phase 2

LOCATION: Cranmore Park, Belfast

CLIENT: BELB

MAIN CONTRACTOR: MSM Contracts

COMPLETION DATE: August 2017

PROJECT DESCRIPTION

Victoria College in Belfast is one of fifty schools in Northern Ireland to benefit from a capital investment scheme from the School Enhancement Programme (SEP), which funds refurbishment/ extension projects and provision of sports facilities.

The project, designed by architects Povall Worthington comprises four key elements, with a phased programme of work carried out in order to secure minimal disruption to the normal school environment within the Victoria College campus.

Under phase two of this project, a new hi-tech art and design suite and additional laboratory teaching spaces have been created.
